

*2008
GSE Team
Leader Selected*

From: Bill Morris, Group Study Exchange Chairman

The Group Study Exchange team leader selection committee is pleased to announce that PDG Ted Holder of Levelland has been chosen to lead the GSE team to D-9630 in Queensland, Australia in March, 2008. We had a number of excellent candidates for the job and the decision was not an easy one. Dan Linebarger of Midland has agreed to serve as the alternate team leader.

Ted will soon start the important work of assembling a team of young professionals for the GSE experience. He will be calling on each of you to assist him in finding the best possible candidates.

Congratulations, Ted!
