Corny Facts

The U.S. consumes 73 quarts of popcorn per person, and 1 out of every 10 people are popcorn fanatics.

Popping popcorn is one of the number one uses for microwave ovens. Most microwave ovens have a "popcorn" control button.

Of the 6 types of maize/corn—pod, sweet, flour, dent, flint, and popcorn—only popcorn pops. Popcorn is different because of its thicker hull. The hull holds the pressure from heated moisture inside the kernel to build and then burst open.

Send in your stories The editors of *The Rotarian* are always looking for good sources.

They are looking for Rotarian readers who have experience with the following topics. Do you fit the bill? Send your submissions to rotarian@rotary.org

Head count

Got a strong opinion about population issues? Give us your take.

Finders keepers

Once you attract members, how do you keep them from dropping out of your club? Can you tell a great story of members lost and found? Keep the tips coming.

On their own

Know of a project that focuses on orphans? Tell us how you've helped an orphan or an orphanage.

Teen spirit

Got ideas for turning today's teens into tomorrow's Rotarians? Tune in and let us know.

Good projects gone bad

We all make mistakes. Even Michael Jordan missed 9,000 shots in his career. Tell us about the biggest blunders you made when working on humanitarian projects and fundraisers — and what you learned.

An old people's group. A VIP club. A traffic circle. These are some of the responses reported in *The Rotarian* last January when members of the Rotary World Magazine Press asked people on the street: "What is Rotary?"

Fortunately, this unscientific survey yielded enough correct answers to indicate that Rotary awareness is growing. Using a variety of public relations tools, Rotarians are helping to dispel the Rotary myths while gaining public recognition for their community and international humanitarian work.

Queen Elizabeth II recently bestowed Rotary International President William B. Boyd with the Companion of the Queen's Service Order Award. The award is given to New Zealand residents who have served as a valuable volunteer to the community, whether in elected or public office. The queen appoints 30 people each year.

Twenty years from now you will be more disappointed by the things that you didn't do than by the ones you did do. So throw off the bowlines. Sail away from the safe harbor. Catch the trade winds in your sails. Explore. Dream. Discover. ~ Mark Twain

It is with regret we are informing you of Arrel Olano's resignation. He will be moving to the Washington, D.C. area and plans to continue with Rotary there. We wish him our very best in his new endeavors.
