Happy, Happy Birthday!!

"It's not the hand that signs the laws that holds the destiny of America. It's the hand that casts the ballot."
- Harry S. Truman

You are Getting Old When...

You go to a restaurant and the food is prettier than the waitress AND you don't have an appetite for either

Everything hurts sometimes - AND we think others are interested in the details.

Your mind makes a promise your body can't keep AND you forgot what the promise was.

Important decisions that affect us all have been made because of one vote.

- In 1997, just one vote in the Texas legislature passed the Texas Ten Percent Plan that created a more egalitarian admission criteria for the University of Texas system.
- Women won the right to vote in 1920 by the passage of the 19th Amendment to the Constitution. Tennessee, the last state needed to pass the amendment, ratified the amendment by one vote.
- One vote in the Electoral College elected Rutherford B. Hayes to the presidency in 1876.
- One vote in the Senate saved President Andrew Johnson from impeachment conviction in 1868.
- One vote in an important Congress gave statehood to Texas in 1845.

Voter turnout makes a difference.

- In the presidential election of 2000, only one out of every three eligible 18-24 year olds voted.
- The turnout in Election 2000 was one of the four lowest in the last 20 presidential elections.
- Massachusetts ranked 14th in voter turnout in the nation in Election 2000.
- The highest voter turnout in a presidential election between 1924 and 2000 was in 1960.
- In 1960, 75% of the voting-age population in Massachusetts voted. In 2000, that number had dropped to 58%.

Your vote affects your family, your future, your community, your state and your country.
