Word of the Day Hebdomadal

Pronunciation: /heb-DA-ma-dal/
adj. Meeting or appearing once a week: weekly.

Banana-Rama

In North America more bananas are eaten every day than any other fruit.

Bananas are part of the lily family, a cousin of the orchid, and are a very yellow and plump member of the herb family. With stalks 25 feet high, they're the largest plant on earth without a woody stem.

The U.S. got its first taste of the tropical fruit in 1876 at the Philadelphia Centennial Exhibition. Each banana was wrapped in foil and sold for 10 cents.

Rotary Friendship Exchange

Rotary Friendship Exchange is Rotary's international exchange program for Rotarians and their families. Friendship Exchange provides participants the opportunity to experience other cultures by staying in the homes of Rotarians in other countries. The program aims to advance international understanding and peace through personal contact across borders while developing interclub relationships for fellowship and service projects.

"Aruba, Jamaica, ooo I wanna take you... To Bermuda, Bahama-- Come on pretty mama... Key Largo, Montego, Baby why don't we go..." A ship sails a glassy sea on an absolutely beautiful Bahamian day. Smell the salt air? This could be you. Sell the winning ticket and you and the person you sold it to could be off an incredible voyage. *"We'll get there fast, and then well take it slow... Thats where we wanna go..."*

I hear and I forget. I see and I remember. I do and I understand. **Confucius**
