Governor's Views:

"ROTARIANS ARE ORDINARY PEOPLE DOING EXTRAORDINARY THINGS"

Thank You District 5730 Rotarians for being ordinary and doing those extra ordinary things.

This week as I prepared to write my views for the month, several extra ordinary things came into my mind. Among those are:

Governor's Views continued:

TEAMWORK

I have been impressed with the joint projects of Rotary Clubs across the District. The Rotary Walkway in Odessa, a joint project of the Rotary Club of Odessa, Odessa East Rotary Club, and Greater Odessa Rotary Club is a fine example to Rotary Clubs working together. The public relations project of the Amarillo Rotary Club, Amarillo East, Amarillo South, Amarillo West, and the Canyon Rotary Club was excellent. "Rotary Action", a 12 page advertising section created by Amarillo Global-News Custom Publishing told the Rotary story, in the Fall/Winter and Spring/Summer issues. Thanks to these five clubs, Rotary is no longer a secret in the Panhandle of Texas.

THE ROTARY FOUNDATION

With a strong desire to support The Rotary Foundation, Rotarians in District 5730 have given over \$85,000 to the annual fund as of April 9, 2010. I fully expect our annual giving to soar during the next three weeks, as we get ready to have our cruise raffle. Members of the District foundation committee have done an excellent job this year. Matching grants have been approved, scholarships awarded, travel by our GSE team to Thailand, district simplified grants awarded. Thanks to this committee for your hard work.

POLIO CHALLENGE

As of April 9, 2010, Rotarians and clubs have given \$15,831.20 to Polio. The Canadian Rotary Club, Greater Southwest Lubbock Rotary Club, Midland Rotary Club has given over \$2,000 each to Polio this year.

These clubs will receive a special certificate from RI President John Kinney for their contribution towards Polio during the year. I fully expect to receive certificates for the Big Spring Rotary Club, and our Levelland Rotary Clubs since their giving is so close to the \$2,000 giving level. Clubs are requested to send their "pig money" in prior to .May 15th. Make your checks payable to "The Rotary Foundation" and mail to DG Jim Cole, 110 Fannin Avenue, Levelland, Texas 79336.

When our giving reaches \$20,000 for Polio, Governor Jim will contact The Lubbock Rotary Club Foundation for their matching gift of \$20,000. Only \$4,200 to go to receive this matching gift.

DISTRICT CRUISE RAFFLE

The winning ticket for our "PANAMA CANAL CRUISE" will be drawn on Friday, April 30th at the TEJAS MULTI-DISTRICT CONFERENCE. Clubs should turn in their ticket stubs by noon on April 30, 2010. Rotarians are urged to purchase or sell ten tickets for this great cruise.

We currently have 51 signed up for the Panama Canal Cruise. Our Travel Agent Pat Renfro has confirmed three special activities for our group during the day at sea with Princess. If you have an interest in this cruise or have any questions; please contact Pat. Office number is 806-793-3901, home number 806-281-6435, Sign up now for the trip of a lifetime.

"ROTARIANS ARE ORDINARY PEOPLE DOING EXTRAORDINARY THINGS"

District 5730 Rotarians – Thank you again for all of the EXTRA ORDINARY things you do.

Jim

PARTNER'S VIEWPOINT

ROTARY CLUB CAMP FOR CHILDREN WITH DIABETES MELLITUS

Diabetic Camp is one of the most worthwhile projects conducted by Rotary District 5730. Of course, it does not affect as many children as the book and dictionary projects. However, to the children and the families of the children who attend Diabetic Camp this is a life changing experience. After a young man attended camp a few years ago, his mother said to me "please let everyone know how important camp is for a child with diabetes. When my son returned from camp, he informed me that he was responsible for caring for his illness and his care was not up to the family. Camp changed his life and the life of our entire family. We were all less tense and again able to function without constant worry about his illness". Diabetic Camp blessed this family and has helped many others.

Diabetic Camp is June 21-June 26 at CETA GLEN Christian Camp at Happy, Texas. The camp director is Sherry Williams of the Amarillo East Rotary Club. She has served as director since 2001. District 5730 is privileged to have as co-directors Dr. Rolf Habersang and Sue Rankin of Texas Tech University Health Science Center-Pedi Providers, Amarillo, TX. This will be the first year for Dr. Habersang and Sue Rankin to serve in this capacity.

District 5730 will be accepting more responsibility in camp operation and finances this year. Registration fees are based on a graduated fee schedule and each family's ability to pay. Local Rotary Clubs are encouraged to provide sponsorships. The cost to provide care for one camper is approximately \$500. The camp is also graciously funded in part by a Grant from Children's Miracle Network, Amarillo. Volunteers from the TTUHSC serve as counselors; however, District 5730 must provide the cost of room and board for the counselors. There is one counselor for every three campers. Thus, District 5730 is responsible for providing room and board for at least fifteen counselors. In past years, the camp has operated in the deficient. Hopefully, District 5730 can do a better job financially this year. If your club is not sponsoring a camper, it would be most helpful if you as an individual or your club could send a donation to help with camp expenses. PLEASE SEND DONATIONS -MARKED DIABETIC CAMP TO JIM COLE BY MAY 15, 2010.

Camp director, Sherry Williams is seeking volunteers to help with evening activities. If your club is near the camp, it would be most helpful if some of your members, Interact Club, or Rotary Club would visit the camp in the evening. Sherry suggested bringing fishing poles and teaching campers how to fish, provide archery lessons, or any other activity. If you have talented musicians, perhaps they could present a program. PLEASE consider volunteering your time and talent to help make this Diabetic Camp the very best ever.

Applications and additional information can be found on the District Website. If you have other questions, please contact the Director, Sherry Williams at: sheri.williams1@sbcglobal.net
Sue

**PDG LOUIS & MRS. ROCHESTER
HONORED**

Louis Rochester stood with perfect attention; his head held high, as he listened to Grow Odessa President Toby Eoff list the many accomplishments of the Rochester's.

"Rochester has been involved in every facet of life in Odessa since he moved here in 1929", stated Eoff. "He has served as the chairman of more than 30 different organizations and is an ardent supporter of education".

Grow Odessa, formerly the Odessa Industrial Development Corp., honored Louis and his wife Lois civic contributions by donating \$25,000 each to Odessa College and the University of Texas of the Permian Basin on Tuesday, April 6, 2010 at the Odessa Chamber of Commerce.

A scholarship fund had previously been established at both universities, but the Grow Odessa's donations made the fund a permanent endowment.

President Gregory Williams, Odessa College President stated, "It's important because Louis Rochester has been involved in Odessa College and has been very important to the community...he knew what the benefit of higher education can be... he is a strong supporter of education".

DISTRICT ASSEMBLY

South Plains College, SPC Student Center
Levelland, Texas
May 22, 2010, 9:30am to 4:00pm

MARK YOUR CALENDARS!!

Training Seminar for
Club Officers and Committees

Participants include President Elect & Incoming Club Leadership Team (Club Secretary, Club Treasurer, Club Committee Chairs), and Club Members interested in attending.

The DISTRICT ASSEMBLY prepares incoming club officers and committees for opportunities and responsibilities in the new 2010-2011 Rotary Year. There will also sessions planned for club officers and orientation for new members.

Our District has approximately 20 committees specializing in a full range of Rotary service opportunities. Sessions will focus on how best to access resources and support in your interest areas. You will get to know your district leadership for each service program.

Plan to attend the May 22nd DISTRICT ASSEMBLY so you won't miss the training you need for an effective 2010-2011 Rotary Year. Don't wait until the new Rotary year starts to find out you have not been prepared.

Your District Leadership team is looking forward to seeing you on May 22nd.

Registration Cost \$15.00

Pay at Door

Lunch Provided

Please e-mail DGE César M. Caro at cmcaro@live.com by May 14th with the number of Rotarians from your club that will be in attendance (head count for meals).

CENTURY BIKE RIDE RAISES \$4,000 FOR ROTARY'S POLIO ERADICATION EFFORT

Every serious cyclist wants one or more "century rides" on his or her resume. That's when you cycle 100 miles in a single day.

Wayne Horton, a member of the Levelland Breakfast Rotary Club and pastor of Cactus Drive Church of Christ, has completed 25 such bike rides in his 20 years of cycling. However, his latest bike ride probably is his most cherished accomplishment.

The 62-year-old Horton overcame a broken ankle and several other setbacks to complete his latest ride on March 13, raising \$4,000 for Rotary International's campaign to eradicate polio in the world.

The project began as a challenge to local Rotary Clubs to raise at least \$1,000 and raise awareness that the eradication of polio is close at hand. Rotary International has been challenged to raise \$200 million to match \$355 million in challenge grants received from the Bill and Melinda Gates Foundation.

The resulting \$555 million will directly support immunization campaigns in developing countries, where polio continues to infect and paralyze children, robbing them of their futures and compounding the hardships faced by their families. As of February 28, 2010, Rotarians around the world have contributed more than \$114 million to the project.

"When you hear that polio is almost gone from the world, and you can be a part of its eradication, that's incredible to me," says Horton, who remembers polio victims in his hometown where he grew up. "The disease was devastating for those individuals and their families."

Despite breaking his ankle early in 2009, which had curtailed his cycling, Horton approached his Rotary Club in September with the idea of raising funds for the polio campaign project. He had used previous century rides to raise funds for other projects, collecting pledges for every mile he completed. His fellow Rotarians jumped at the chance to support his project and within less than a week, Horton had collected more than \$1,400 in pledges.

Continuing to rehabilitate his ankle, Horton began his usual process of training for the 100-mile bike ride. However, the fall weather didn't cooperate, which hindered his training routine that was sandwiched in between his obligations to his church congregation.

Overcoming these factors, Horton was ready to embark on his ride at 5 a.m. on Saturday, Nov. 21, 2009 with the help of fellow Rotarians who would follow him in a vehicle on his pre-determined route. The night before the ride, Horton was called to the bedside of a church member who was dying and the call to minister to him and his family far outweighed the scheduled bike ride.

"You psyche yourself up when you commit to these kinds of bike rides," he told his Rotary Club later. "I had something more important to do for my church family that weekend." In addition, the club couldn't agree more, postponing the event until an opportune time in the spring.

Timing the ride to avoid or at least minimize the windy spring weather the South Plains region is famous for, became Horton's next challenge. "Things seemed to be working against me," he said. "Our wet winter didn't allow for good training weather. I also pulled a muscle in my shoulder and neck, which prohibited my training. At my age, I was getting concerned that I would have enough preparation time."

However, Horton was determined to complete his commitment to ride 100 miles for polio and set his sight on March 13 for the ride. According to the local weatherman, the day promised to be ideal with light winds and cool temperatures. Horton began the first leg of his 100-mile trek in a chilly 29 degrees.

For the next six hours and 40 minutes, Horton pedaled four 25-mile legs, with Rotarians driving him out to starting points and following him back to Levelland. He began in Morton and then went 25 miles out on Oklahoma Flats Road to Hwy 54 in Lamb County. The third leg took him south to Brownfield and for the final leg, west of Sundown on Hwy 303.

"Planning the ride this way gave me a little bit of rest in between each ride," he said. "I wasn't sure how I would do because of the limited training I had. However, the ride went well." Horton's wife Carol, along with Rotarians Chris Roberts, Shirley Davis and Leannah Darr provided the back-up support for his trek.

At the Levelland Breakfast Rotary Club's Friday morning meeting following the polio ride, club members congratulated Horton and announced that the ride had raised more than \$1,700 in pledges from club members and others. With an additional \$300 from the club itself and an equal matching pledge promised by the Lubbock Rotary Club, the total project raised \$4,000.

"Wayne is such a great Rotarian," said club president Chris Roberts. "He lives the Rotary motto of 'service above self' in all that he does. We're grateful that he took on this project and made us all mindful how we can make a difference in our world."

"It was the right thing to do," Horton says humbly. "It was an honor to represent our Rotary Club and help take polio off the planet. It was a good opportunity to be like Jesus."

MEMBERSHIP

"THE FUTURE OF ROTARY IS IN YOUR HANDS"

On April 5, District Membership Chair Charles Starnes sent out the "District Membership Newsletter for April". As District Governor, I fully agree with Charles, and ask every Rotarian in District 5730 to address membership during the next 75 days. If we all work hand in hand, we can end the year with a growth in membership. The following is the newsletter:

"The Rotary Membership Tiger says, "ORRRR", Well, Rotarians, it's just about the end of the 2009-2010 Rotary Year. Rotary International President John Kenny gave you a very modest goal for your club membership: INCREASE your club membership by ONE member.

How'd you do? Let's take a guess for most of the 51 clubs in District 5730. We entered the year on July 1, 2009 with 1,986 members; we now log 1,959 (the July 2009 and January 2010 official RI tallies, respectively). Higher math leads to the conclusion that we've dropped 27, or 0.53 members per club. Where did your half a member go? What good is the remaining 0.47 of a member?

Enough of numbers, though. All I hear about membership is how bad it is that your club isn't what it used to be, how hard it is to get a new member, and how much trouble it is to ask someone to join something so worthwhile.

What if we all stopped grumbling? What if we just went out and asked a friend, a business associate, a ~ business competitor, a community leader, an educator, a retired professional, or even someone under the age of 40 who sees "Service Above Self" as a worthy purpose? Ask them to join you at one of your club's dynamic, entertaining, informative, and enthusiastic weekly meetings.

Oh well, back to the math. We're down 27 from last year. To reach President Kenny's goal, we have to add 78 new members for the District in the next three months. That's 1.53 new members per club. That's finding the missing 0.53 Rotarian you already lost and inducting only one new member. This seems so easy that "Even a (no, I won't go there)."

Suggestions: Get your Membership Committee together, identify a few people in your community, and invite them to your next Rotary meeting, or a special Membership Meeting. Have a membership contest with some nifty prizes. Plan the Membership Meeting to be a really good one with a unique, interesting program. Have some good Rotary information available such as the free Rotary video your incoming President picked up at the President Elect Training Seminar last month. There is an abundance of materials available on the Rotary International website at:

<http://www.rotary.org/en/Members/Pages/ridefault.aspx>. The excellent item is the 8-page booklet "Rotary Basics" that you can download at: http://www.rotary.org/en/Members/PoliciesAndProcedures/Pages/rotarybasics_annnc_5feb09.aspx

Now is the last chance to go for the goal of One New Member for your club. Oh yes, the Membership Tiger's "GRRRR" stands for:

- Generate interest in Rotary
- Recruit new members
- Retain existing members
- Recognize your club's accomplishments
- Realize your club's goals

It's Better to Give

By Richard Hanna

My first experience with Rotary was similar to a lot of our members. When I was a young lawyer, one of the senior partners in the law firm that I was associated with invited me to go with him to his rotary club's lunch meeting. As you may know, when your senior partner invites you to lunch, you go to lunch. At the meeting, I recognized that a majority of the members were successful business owners and leaders in the community, and I quickly grasped the fact that it would be beneficial not only to myself, but also my professional career to be associated with Rotary. In addition, the Rotary motto "Service Above Self" and the fact that Rotary encouraged all of its members to adopt and abide by the Four Way Test went hand in hand with the ethical standards that I had taken with my oath when I was sworn in as a lawyer.

❁

“...when individuals are committed to doing what is right, the world is a much better place.”

Particularly impressive was the fact that Rotarians were undertaking service projects and no one was clamoring for attention or self-laudatory goals but simply the pure joy of doing the job, taking responsibility and accountability. Because of the selfless attitude that is adopted through the Rotary motto, I accepted the club's invitation to become a member. I found the motto consistent with

my own beliefs and faith – that it is better to give than to receive, each person should take responsibility for their actions and our community is improved when we help the less fortunate.

Since my membership in Rotary, Rotary International has taken on the task of ridding the world of polio and hunger. At the same time, Rotary has strongly emphasized that its true strength is maintained by each individual member and each individual club. Rotary is only as strong as the commitment of the individual to the motto, the observance of the Four Way Test, and a belief that it is better to give than receive. From that viewpoint, I have had the privilege of being able to share the joy of seeing a kindergarten student receive their first book to keep for their very own, seeing a teenager understand what it means to be a Rotarian and leader after completing a week at Camp RYLA with the eagerness to pass that along to others, and seeing the joy on a parent's face when, for the first time, their child is able to spend a week at our Rotary Diabetic Camp.

We sometimes bemoan the failures in our youth, but when you participate in Camp RYLA, a mentoring program to high school students and a scholarship program that

provides funding to a deserving student to go to college, or visit with a foreign exchange student, you find that our youth are deeply involved and have deep feelings about what is going on in our world today. Consequently, our future is much brighter than the pundits give them credit for

Richard Hanna

and Rotary has provided a well grounded, guiding force.

But for Rotary, I would not have been able to fully appreciate these experiences or have the knowledge and understanding that when individuals are committed to doing what is right, the world is a much better place. ❁

Richard Hanna is an Amarillo lawyer and a member of Amarillo South Rotary Club.

**"ROTARY WALL OF FAME"
DEDICATED BY ODESSA ROTARY CLUBS**

The Rotary Clubs in Odessa dedicated their "Rotary Wall of Fame" on Wednesday, April 7 during a joint meeting of the Odessa Rotary Club, Greater Odessa Rotary Club, and the Odessa East Rotary Club. During the dedication, the first six inductees to the "Rotary Wall of Fame" were recognized.

Since the mid 1950's Rotarians and the City of Odessa Park Department have been working in partnership on an annual basis. The following is a brief history of the "Rotary Walkway". On March 17, 1993 under a project called "Tree City USA" over 3,000 trees were planted in Odessa. This was a joint project between Rotarians and the City of Odessa Park Department. "Sow The Seeds of Love" was Rotary's theme in 2002-2003 when the Odessa Rotary Club, under the leadership of Troy Chestnut raised \$5,000 to plant trees along the Rotary Walkway. Fifty-four trees were planted on January 11, 2003. On February 11, 2006, under the leadership of President Gay Fields, Rotarians in Odessa planted an additional 40 trees along the Rotary Walkway. The "Rotary Walkway" arches were installed on October 3, 2007. Rotarians in Odessa erected the "Wall of Fame" in March 2010.

"Wall of Fame" inductees on April 7th were:

Pictured left:
Dr. Vance Gipson

Pictured right:
Neil McDonald
and
Mrs. McDonald

PDG Louis Rochester unveiling the recognition plaque of each inductee

Recognition Plaque

OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

FIRST. The development of acquaintance as an opportunity for service;

SECOND. High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;

THIRD. The application of the ideal of service in each Rotarian's personal, business, and community life;

FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

AVENUES OF SERVICE

Based on the Object of Rotary, the [Avenues of Service](#) are Rotary's philosophical cornerstone and the foundation on which club activity is based:

Club Service focuses on strengthening fellowship and ensuring the effective functioning of the club.

Vocational Service encourages Rotarians to serve others through their vocations and to practice high ethical standards.

Community Service covers the projects and activities the club undertakes to improve life in its community.

International Service encompasses actions taken to expand Rotary's humanitarian reach around the globe and to promote world understanding and peace.

JUNE 7 - 11, 2010 LONE TREE BIBLE
RANCH CAPTAIN, NEW MEXICO

This year's Camp RYLA, sponsored by District 5730, will be the first week of June. RYLA emphasizes leadership, citizenship, and personal growth.

Rotary Clubs are asked to start their selection process immediately. This year, not only students that will be seniors next year be considered but also students that will be juniors.

The key is to select those individuals sufficiently motivated to accept discipline and leadership roles. Many times those students that are not as involved as others, but who have leadership potential, benefit a great deal from RYLA.

Camp fees are the same as last year. If the fees are postmarked by April 30th it will be \$375 per camper, on May 1st the fee will be \$400 per camper.

Campers are taught the responsibility of service as a leader. There are also many fun activities along the way to build "better friendship" a goal of Rotary and RYLA.

For additional information go to the District Website.

COME CRUISE WITH DISTRICT 5730 ROTARIANS

“PANAMA CANAL” 10 DAY CRUISE October 16, 2010

As they say, pictures are worth a thousand words. This statement is quite true and it applies to the upcoming District Cruise to the "Panama Canal". Not knowing that I would select the "Panama Canal" as the District Cruise, Sue and I make the decision several months ago to go on this cruise during the Christmas holidays. What a wonderful cruise it was, interesting port of calls, great food, and time to relax.

I can strongly recommend this cruise. Sue and I am eager to sail again to the "Panama Canal". Sign up today for this outstanding vacation - ask family and friends to join you on this extraordinary cruise. Contact Pat Renfro at Envoye Travel 806-793-3901.
